# D edication

*To the alumni and former students of State Teachers College  
who have gone to serve our country, who have forfeited their  
education and perhaps their lives for the principles of democ-  
racy so that this free country and colleges such as this one  
might continue, we, the senior class of 1942, do dedicate this  
annual.*

# **H** foreword

*The fostering of respect for the liberties and privileges of citizenship, both in the school and in the nation, has always been and shall continue to be the purpose of State Teachers College.*

*From the first time they walk up the front steps to that final day when they walk down for the last time the students of State Teachers College receive from every activity those characteristics of true Americanism which they value above all else, just as the American people prize nothing so much as the principles of their democracy.*

*Therefore let the democratic spirit ring throughout these pages as it shall ring throughout the pages of the history of the American people, and let the *MIDLANDER* embody and reflect such respect for a great purpose of a great institution.*

*Q. M. SMITH, President*

Mr. Smith is an integral part of State Teachers College. Not only does he carry on those precepts which have been developed through the years by the presidents, but his interest and enthusiasm for all events in which the students take part endear him to each one. His dignity and his unfailing courage to accomplish the things needed on the campus are characteristics quite befitting a leader.

N. C. BEASLEY, *Dean*

Presiding over the continual scholastic problems arising among the students, Dean Beasley is always an attentive listener, a stern but sympathetic adviser. No student leaves his office without a lasting impression of the charm and cordiality with which he treats all alike.

In November, 1911, the State Board of Education approved the suggestion that the name of the college be changed from State Teachers College, Murfreesboro, to Middle Tennessee State College, and authorized the president of the college to request the next legislature to make the change in name official.

## TRAINING SCHOOL

The Training School is a very vital part of the college. It is here that prospective teachers from the college student body timidly go forth to take their first step in the realm of pedagogy. It is here they meet the problems and work with children in real situations. It is here that an effort is made to give the children and the college students the best and latest in content and procedure. The Training School endeavors to make its classrooms, its various activities, and its daily routine as nearly lifelike as possible. The student council and the presidents of the four junior high school classes head up the student government, through which the boys and girls participate in the government of the school. It endeavors to place the children in an atmosphere which is informal, free, and conducive to happiness and best effort.

## EXECUTIVE DEPARTMENT

Left to right—RAIKES SLINKARD, *Attorney General*; RUTH HOOVER, *Secretary*; THOMAS TOWNES, *President*; RUTH TITTSWORTH, *Vice-President*; WILLIAM ARENDALF, *Treasurer*.

The spirit of the Associated Student Body is that of individual responsibility for, and cooperative support of, the ideals that are in harmony with democracy.

Now living in a world where democratic principles are constantly trying to be undermined, we are once again confronted with the ultimate consideration as to whether we wish to preserve the principles for which our forefathers fought or continue to exist in a remorseful state of complacency. Complacency, like indifference, is the easiest route that a person may take. This is the chief problem that has confronted us since the beginning of student government. With refusal to participate and help promote interests, this will be an inevitable foe of democratic principles. Accept your responsibility and work for definite purposes.

Here on the campus we probably get our first taste of self-government, and we must accept this responsibility with intensions of a personal benefit—a benefit which builds faith and respect for our fellow men, self-control and reliability in the things we encounter.

# STUDENT BODY

Student government presents problems which demand the student himself to arrive at the best solution, and this solution will only materialize when constant effort and hard work have been put forward. The best solution for any problem is for you yourself to accomplish this end by first a clear analysis, and second by your own initiative and determination.

Self-government puts forth ideals which mold personalities with character; get your share, because the world wants men who can do something.

THOMAS TOWNES  
*President, A. S. B.*

The Associated Student Body, organized in 1939, includes in its membership all students registered in the college. A year later its constitution was revised to provide for legislative, executive, and judicial branches which function after the manner of those of our national government.

## SUPREME COURT

*Left to right—HELEN SHARENBERGER; MARY GRAHAM; JOHN THOMAS ZUMBRO, *Chief Justice*; JANE SNELL; EUGENE MCINTIRE.*

RUTH TIFTWORTH  
*Vice President, A. S. B.*

The president and vice-president of the A. S. B. are elected by the student body from members of the senior class. The secretary, treasurer, attorney general, and supreme court, consisting of two seniors, two juniors, and one sophomore, are appointed by the president and ratified by congress.

Congress members number thirteen, elected by classes: four from senior, four from junior, three from sophomore, and two from freshman. The vice-president acts as nonvoting chairman of congress.

## CONGRESS

## IN MEMORIAM

"Third floor's not the same tonight;  
It's kind of dark and chill,  
For one we loved is sleeping  
On a lonely high hill."

"Now, Pat, when in the morning  
You peek over heaven's wall,  
You'll see how much we miss you  
Down here in old Jones Hall."

He was so suave and smooth that many of us did not know him personally. Yes, he was so quiet and unassuming that many of us had gone about our daily tasks and failed to know intimately one of the richest spirits on the campus.

Walter Clifford Patterson, Jr., was one student at S. T. C. who was liked by all who knew him—faculty, students, everybody. The general concern that was shown for his death the following morning speaks for itself. Florals were given by the student body, various classes, and individuals, while twenty students rode two hundred miles to attend his funeral.

"Pat," as we knew him, was a member of the junior class. He was a good student, a hard worker, and a fine athlete. He was a member of the Methodist Church.

"Pat" died in an automobile wreck Sunday, February 1, at 10 p.m.

# HOME ECONOMICS CLUB

The Home Economics Club strives to bring about better social contacts between the students, to improve school and home life, to set high standards for college girls, and to give the girls a knowledge of club work which will be useful after school days are gone.

This year the club had for its theme "Home Economics in National Defense." The socials for the year were a patriotic party and a dance for a group of soldiers.

# MIDLANDER

As the *MIDLANDER* goes to press Americans are hourly growing more conscious of their nation and the rising significance of loyalty to the ideal of democratic government. The 1941-1942 staff has tried to show through student life education's part in a democracy. If parts of this book meet with approval from parts of State Teachers students, the editors will be amply repaid.

# TAU OMICRON

Tau Omicron, an honorary society for girls, was organized by faculty members in 1930. Approximately five members are taken in each quarter. Membership is by election and is based on leadership, scholarship, and character.

Three regular meetings are held each quarter—social, educational, and business. The society sponsors the freshman orientation program and the "Big Sister" plan. It strives to promote scholarship and to uphold the standards and ideals of this institution.

# SUMMARY OF

THE COACHING STAFF

*Left to right*—LINE COACH O. L. FREEMAN, ASSISTANT COACH NANCE JORDAN, HEAD COACH E. W. MIDGETT.

The Blue Raiders turned to the 1941 season with high hopes. Football at S. T. C. seemed to be on the upward trend after three lean years. Last year the record was four wins and four losses. This year that hope was attained with four wins, three losses, and a tie. Football had really found itself. The greatest part of this success is due to Coach Midgett and a small, fighting squad of boys playing their hearts out. The team really was in condition and could take as well as give. The weakness of the past few years, the lack of substitutes, was taken care of by the S. I. A. A. when freshmen were allowed to play on the varsity.

*First row*—HODGES, DEER, NICHOLS, B. TUCKER, BROOKS, ADAMSON, McDONALD, SMITH, MCCLINTOCK.  
*Second row*—BRANDON, BURROUGHS, SUDDARTH, D. SYLARTT, PHILLIPS, CARTWRIGHT, HOOVER, and BAIN.  
*Third row*—BOB BURKETT, L. TUCKER, BURTON, DAVENPORT, BOSTICK, REASONOVER, CAIN, McMURTRIE.

# THE SEASON

"Lady Luck" had abandoned the Raiders for several years. The Raiders opened the season with her still against them. No opening game could be found to replace Jacksonville, who dropped football because of the war. Experience was the one element needed for the tough schedule to be faced, but it did not come before the toughest was met.

With a "breather" under their belts Western may have been beaten, but Western prevailed 15-7. From the start the experienced Kentucky outfit had been rated to defeat the S. T. C. combine easily. For most of the game the Raiders were heard from and were leading. The feature of the game was the ninety-three-yard run by William Bostick.

The Blue Raiders then were in full swing and turned their eyes toward the win column. Austin Peay was defeated 28-0 with Bain scoring twice, Davenport and Deere once each. Tucker kicked all four extra points.

Next Gordon Military College fell 26-0. Hodges, Adamson, Bain, and Bob Burkett scored with Tucker connecting on two extra points. Memphis was the next team to go home defeated. For the home-coming crowd the Raiders won out 13-12 with Hodges and Bain scoring and Tucker kicking the winning point. Leaving home for the first road game made no difference. Delta was trounced 26-6. McIn-

tire, Hodges, Bain, and Tucker scored touchdowns and Tucker kicked two extra points. Success had come in bounds and celebrations were in order for four consecutive victories. Things then began to happen in reverse order. A trip to Murray was disastrous. The Raiders fell before a larger, more experienced squad, not team, 34-6. Hodges scored for the Raiders.

# CHEERLEADERS

We wish to express our appreciation to the cheerleaders for their untiring efforts and their faithfulness through all types of weather at the games this year.

In the rain, things looked bright against Union until the last minute and then the tide turned against the Raiders. Union tied the score at 14-14 on some freak plays, including pass interference. Hodges scored both touchdowns for the Raiders,

Tucker kicked both extra points. To close the season S. T. C. journeyed to T. P. I. No luck went with them. Everything in a successful season would have been complete with a win over the Eagles, but it did not come. Six inches was the margin of defeat when a fumble occurred on the Eagle goal line. One thing certain, no Raider could have given more, no Eagle could have taken more. The Raiders were there and T. P. I. knew it. This ended the most successful football season in four years.

The Raider basketball team got going early, slowed down in the middle, and came back at the close, ending up with a record of nine wins and nine losses. The records are incomplete, but this year's record is the best in many years. The 1940 team won nine games but lost twelve. Considering the lack of experience and the hard schedule, this record is excellent. The team was weakened in midseason by the loss of Doris Smartt and Lloyd McMurtrie to the armed forces. This loss was overcome and the team finished strong.

The season opened with a military atmosphere, the 191st Field Artillery team of Camp Forrest being the opponents. They had several stars, but the team lacked organization. Jacksonville, Alabama, paid us a visit and there followed the roughest game of the year. Both teams looked ragged. M. Smartt got eleven points. Then the journey to Murray and Austin Peay, holding the highly regarded Thoroughbreds for most of the game with the guarding of D. Smartt being outstanding. Leaving Murray and going to Clarksville, the Raiders defeated Austin Peay on a last minute goal from the center by M. Smartt. Returning home, the Raiders beat Chattanooga. Brewington and M. Smartt topped the scoring with twelve points each.

Then came the visit to David Lipscomb. It seems the Raiders are defeated before they go there. It's not often they come away the victors, and this year was no exception. Austin Peay returned our visit and our defeat. In a wild game the Governors were successful in freezing the ball, and the Raiders could not get the needed one point. Brewington contributed twelve points to the cause. The journey to the mountaintop proved to be successful, Sewanee being defeated.

Then the Delta rose up and smacked the Raiders in a close game to begin a losing streak. The journey toward the land of the Mississippi proved most disastrous. No one was in any condition to play basketball. Memphis, Delta, and Union completely ran away from the Raiders. The return home was no consolation, because Murray was faced, and they had improved since the Raiders journeyed there.

The season was drawing to a close. The Raiders needed victories, so they went after them. Starting on Memphis, then Sewanee, Chattanooga, and Lipscomb. Union spoiled the record with a defeat sandwiched between the Sewanee and Chattanooga victories. The season closed with the victory over Lipscomb. Few doubt that it was the best game of the year. A victory at the end of the season makes everything complete.

# BASEBALL

CAPTAIN TARPLEY

With only four letter men returning from last spring, the Blue Raider baseballers entered upon an eleven-game schedule. Games were played with Vanderbilt, Maryville, Lipscomb, and Tennessee Tech. Opening the season, Vanderbilt was beaten 5-2, mainly because of Jackson's four-hit pitching. Billy McDonald, regular outfielder, was lost to the Navy during the season.

## WOMEN'S INTRAMURALS

Each year offers opportunities for women in athletics on the campus. The Women's Athletic Association was organized for the purpose of promoting sportsmanship and loyalty in physical education. The intramural program is composed of major and minor sports and a point system is used for awarding points to the participants.

Governing the association, an athletic council is elected each year. This body plans and promotes the activities of the association, and votes on the number of points to be awarded. Each quarter the Women's Athletic Council provides an overnight hike, and in the spring quarter sponsors a week-end camping trip. Since the Women's Athletic Association is based on the needs and desires of the group, the members accept the plans for its yearly program as they are suggested by the Athletic Council.

## MEN'S INTRAMURALS

## BASKETBALL CHAMPS

*Seated*—BUCHANAN.

*Standing*—STROOP, KNIGHT, FREEMAN, LOUBERT, DRIVER, TAYLOR, AND LION BIBB, *Project Supervisor*.

Practically every sport is included in the men's intramurals program, which is under the guidance of Director Nance Jordan. From the touch football in the fall to the class track meet in the spring there is a sport which provides exercise and entertainment for the non-competitors in the school's intercollegiate sports. The N. Y. A. team won the basketball tournament this year, and the "Remember Pearl Harbor" team, whom they defeated in the finals, placed second. The remainder of the intramural program should prove to be very interesting.
